Re: Platform Upgrade

What's new in Vector Securities?

Included in the upgraded platform functionality are changes that provide an enhanced look and feel and revised user navigation experience to various options found in Vector Securities. In particular, the new navigation options include the following:

- Revised Main Menu Drop Down and New Drop Down Menu Option
- Revised Search User Interface
- Revised Shared Reports, My Reports, Subscription Browser Toolbar Menu

Please be advised the upgrade will be implemented **beginning 7pm PST Friday, April 1, 2016** and the platform will be unavailable **until 5:00am PST Monday, April 4, 2016**. In addition, please take note of the following during and after the upgrade:

- Reports available in the history list will not be carried over into the upgraded environment. Please save any reports from the history list that you wish to continue using into your company or personal folder prior to Friday, 7:00pm PST, April 1st, 2016.
- Reports, filters previously saved to either the My Reports or Shared Reports sections will be carried over into the upgraded environment.

If you have any questions regarding these enhancements, please contact your Account Manager listed below for assistance.

Revised Main Menu Drop Down

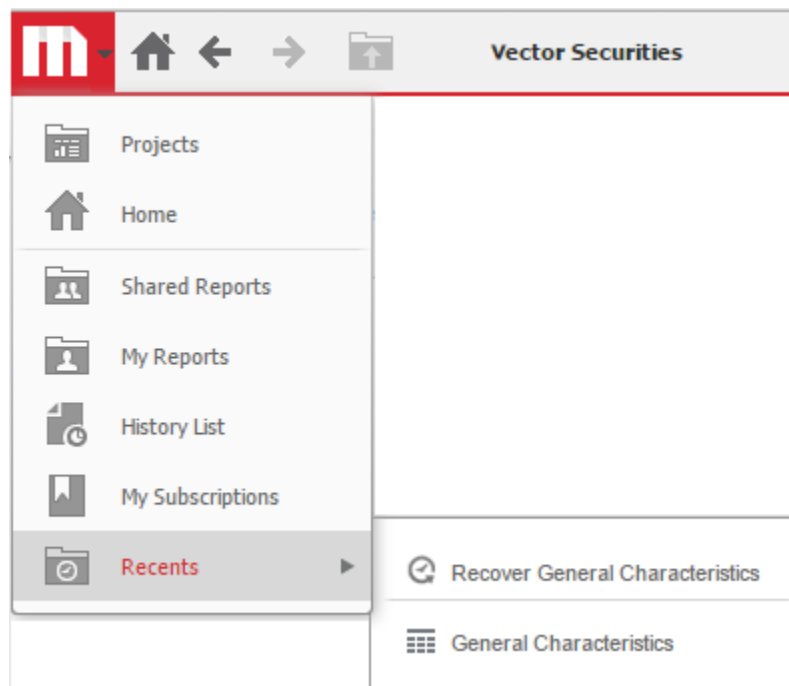

Prior to this upgrade, the main menu drop down icon located in the upper left hand corner of the main menu would show the following features available for access:

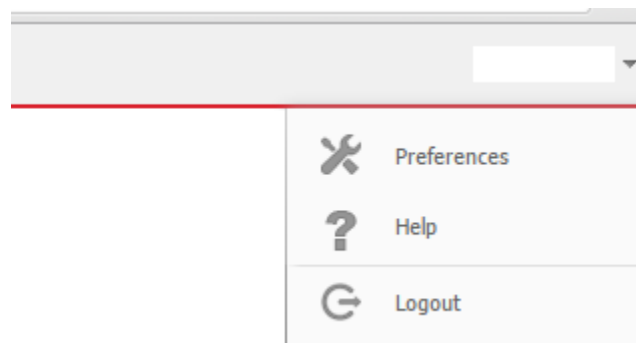

The main menu is now revised to split the utility into two different menus. The main menu drop down removes functions for direct access to New Report, New Document, New Filter, New Group, and Logout. Added are the work areas for My Subscriptions and Recents. Recents provides a new option for recovering a report, if one's session times out.

Revised main menu drop down:

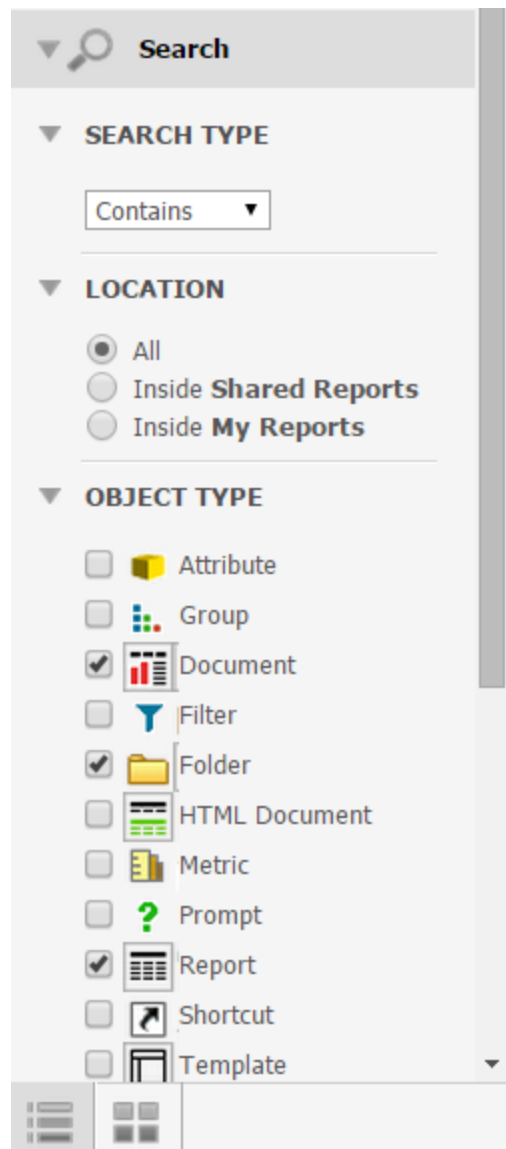

New user drop down menu in the upper left main menu page:

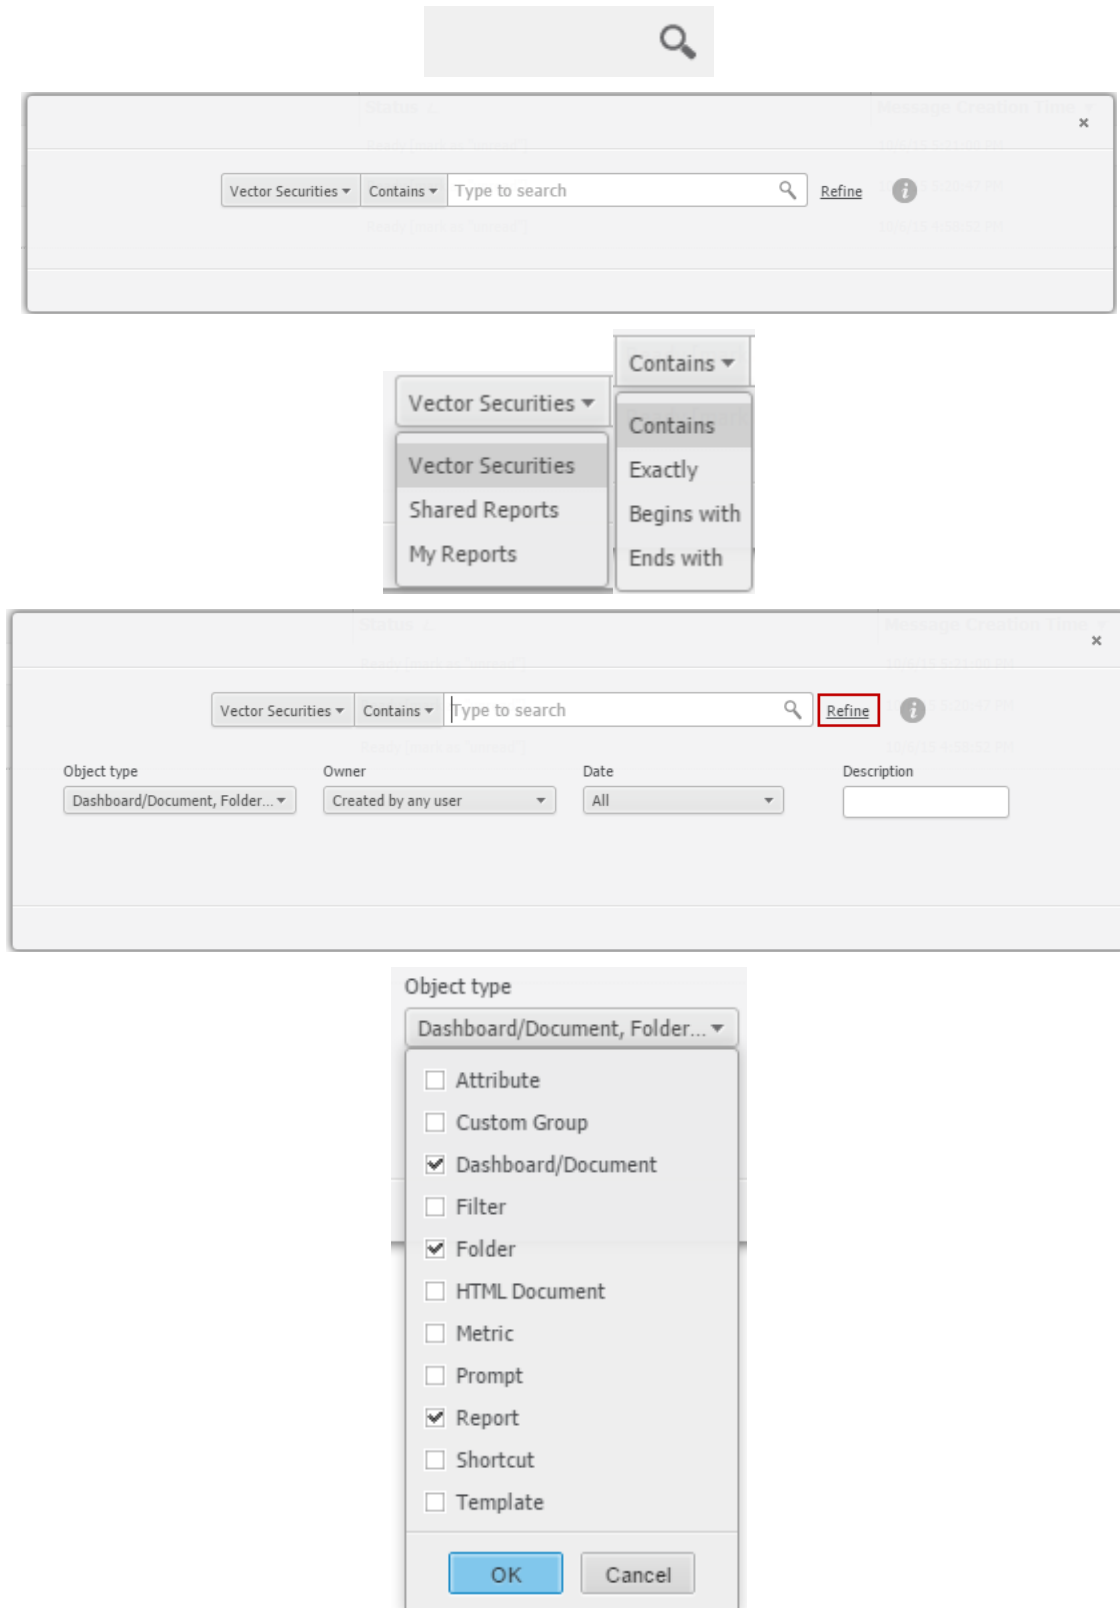

Revised Search User Interface

Prior to this upgrade, the search function in the main menu area towards the upper right hand corner would show the following features available for access.

The revised search function is as follows and attempts to simplify and enhance the user experience. Please note the search function now only becomes available after having accessed the working area sections for Shared Reports, My Reports, History List, or Subscriptions. It is no longer being made available on the main menu page itself.

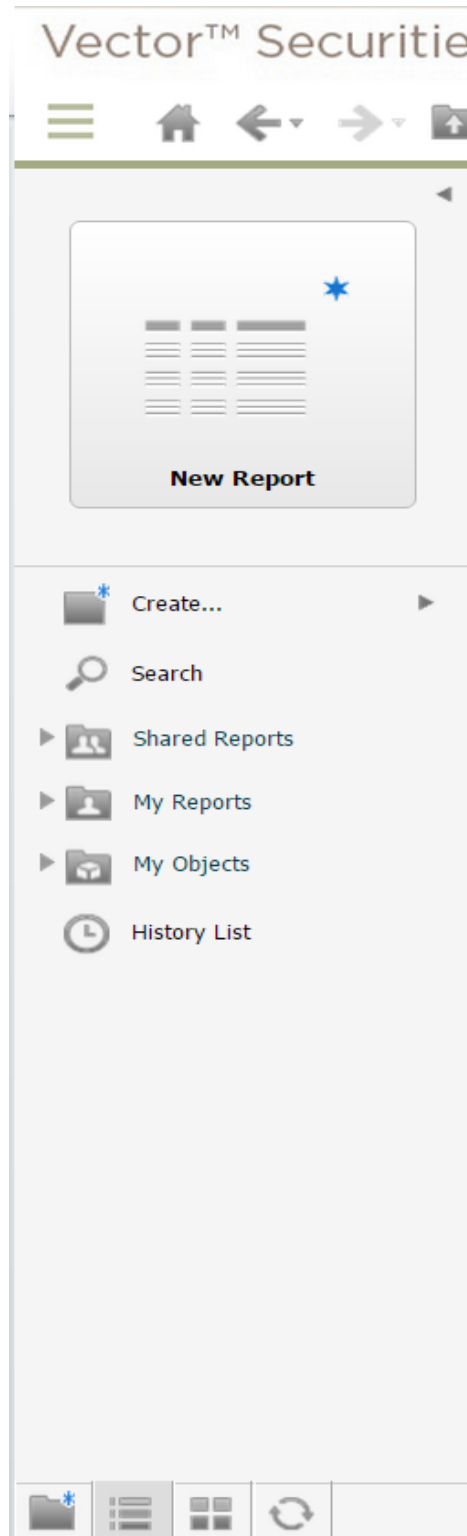

The image shows a search interface with the following components:

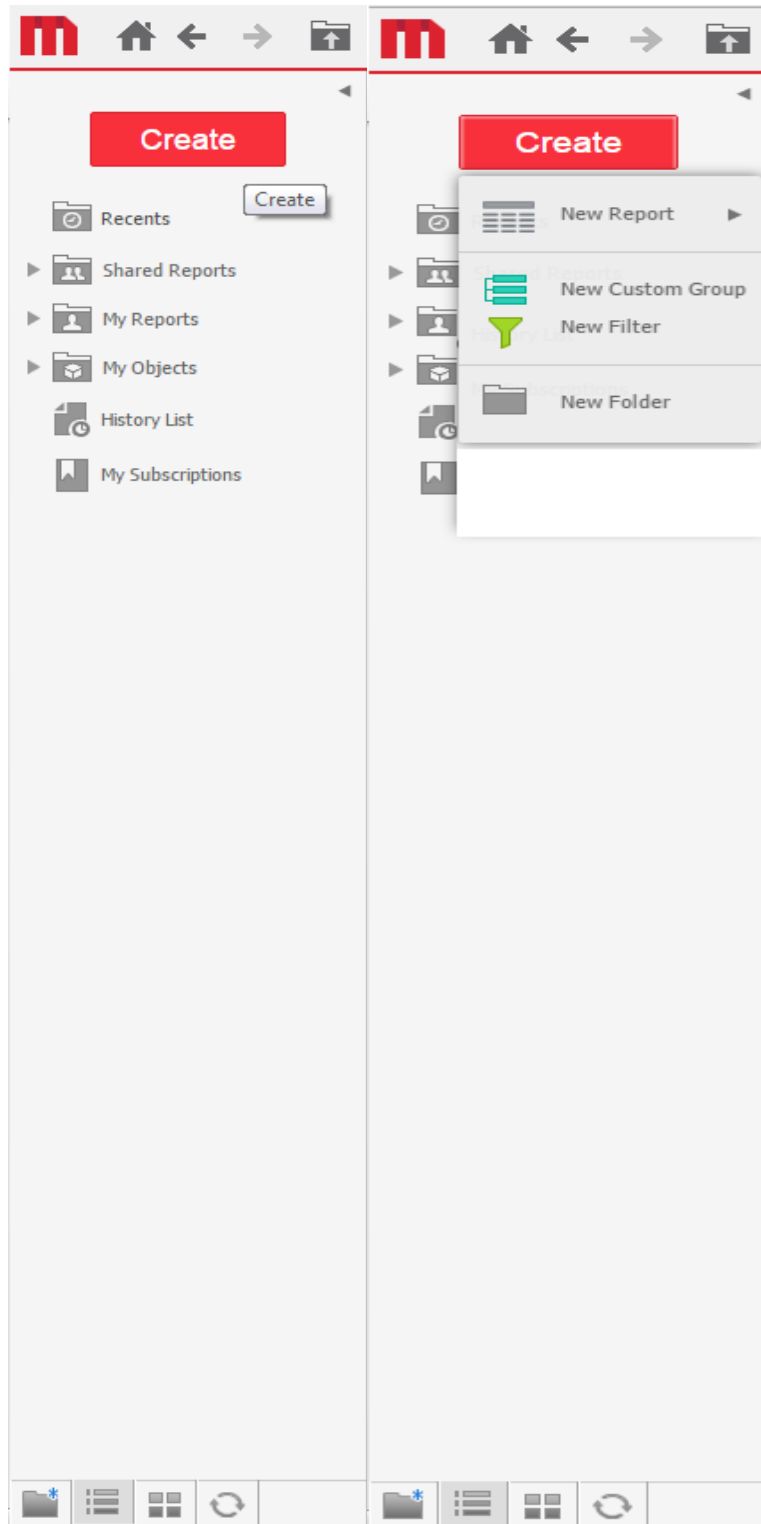

- Search Bar:** A text input field with a magnifying glass icon and a 'Refine' button.
- Filters:** A series of dropdown menus for 'Vector Securities', 'Contains', 'Object type', 'Owner', 'Date', and 'Description'.
- Object type Dropdown:** A list of options with checkboxes: Attribute, Custom Group, Dashboard/Document, Filter, Folder, HTML Document, Metric, Prompt, Report, Shortcut, and Template.

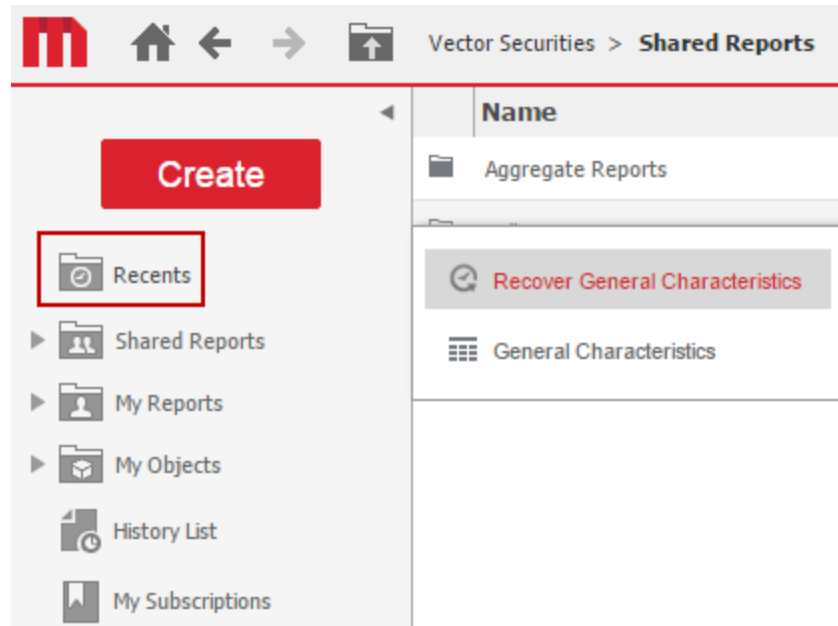

Revised Shared Reports, My Reports, Subscription Browser Toolbar Menu

Prior to this upgrade, the work areas for Shared Reports, My Reports, and Subscriptions had a browser toolbar menu with the following features available for access:

The Shared Reports, My Reports, and Subscriptions browser toolbar menu is revised to remove the New Report option, as it is already in the drill path for the Create function. In addition, the Search is relocated in the upper right hand corner as outlined previously. Furthermore, the new Recents function is introduced here as well to assist in recovering reports if one times out from a session.
